

22 March 2020

Dear Parents / Carers

In summary of all our communications over the past few days, we wish to confirm the following:

'Vulnerable' Children

We expect to see vulnerable children attending school tomorrow, Monday 23 March.

Parents / Carers who are 'Key Workers'

Those of you who are deemed to be key workers will have been contacted by email to request the provision you need for your child over the next school week. We have requested information to confirm current employment status to show that the 'key worker' criteria has been met. In most cases, the school will have got back to you to confirm whether this request can or cannot be accommodated.

All Other Children

For all other parents / carers, we will not be seeing your child in school tomorrow, or for the foreseeable future. Work is being sent home and your child's school will keep you updated on a regular basis.

Thank you once again for your understanding and patience during this difficult time.

Yours sincerely

Daniel Thrower
CEO
