

Summer Term - Year 1 Week 12 (w/b 13th July)

We cannot believe it is the last full week of term! It has been a very different term but we are so proud of all the children and they should be proud of all the hard work they have done. This week we are going to be thinking about year one and remembering our favourite moments.

Week 12

1. Last week we finished our inquiry. Our creature friend is now happy back on his home planet. I wonder what he is up to? Use the story planner to think about what might be happening on Planet Imagine.
2. Use your story planner to help you write a story about Planet Imagine. Remember to use your phonics and tricky word mats to help you! We would love to read your stories, do share them with us!
3. Think about all the amazing things that have happened this school year (e.g, World Book Day, Forest Schools, maths, story time). Fill in the 'My favourite memories....' sheet to get your ideas flowing.
4. Choose one memory and write about it in more detail. Why was it so special? Was it funny? Exciting? Who else was involved?

Remember full stops, capital letters and finger spaces. Can you use any adjectives (describing words) to make your writing more interesting to read.

5. Children are starting to get excited about moving into year two. To help them get ready can they fill in the 'Spreading our Wings...' sheet. If you would like to take a photo of this we can pass it on to their teacher for next year.

Maths

This week in maths we are going to be recapping some of the main things we have covered this year. We are going to go through a few questions a day and see what we remember well and what we will still need to practise next year. Please do not worry if children struggle with some of this or do not remember it. A lot will get recovered in year two. If there is anything in particular you would like more support with, please email me at lkeatley5nry@nsic.org.uk and I can point you to some great resources.

There is a set of questions to go through and a booklet for children to write their answers.

Phonics

Monday and Tuesday	Take it Outside: Summer reading resource pack Lots of ideas to help to encourage the children to keep reading over the summer holiday! https://www.twinkl.co.uk/resource/t2-e-3767-take-it-outside-summer-reading-challenge-resource-pack
Wednesday, Thursday and Friday	Practising number formation. Please practise writing the numbers clearly and correctly. The children need to start numbers in the right place - see below as a guide. https://www.twinkl.co.uk/resource/t-n-4818-number-formation-tracing-strips-0-20

Have a great week!
