

May 2021

Dear Parents, Carers, Employers and Businesses

Acle Academy is keen to develop and further engage with local businesses and employers to help us inform, educate and provide experiences for our students with regards to the world of work and preparing them for the future. Throughout the year we have several events and activities in which employers can engage with students, these include business lunches, drop down days, work experience placements, mock interviews, careers fairs, CV workshops & more. We are also looking to involve more employers and businesses in linking careers to the curriculum.

If you think that you might be able to get involved and support in any of the careers related activities in the future or wish to share work experience or apprenticeship opportunities through the school, could you please complete the Expression of Interest form below, this will help us build of a bank of support available to us within the local community.

Our next careers related event is on the 12<sup>th</sup> July, where our year 10s are having a business day, with workshops with employers from different industries. The focus will be on skills and values within the workplace, as part of the day the students will complete a mock interview. We are looking for employers to come into support with this process, if you think you would be able to help, we would love to hear from you either via the google form below, or please feel free to contact Ms Skarin ([cskarin@acle.norfolk.sch.uk](mailto:cskarin@acle.norfolk.sch.uk)) directly, and we will provide you with more information.
