

**Half term holiday creative challenge for families: create a diorama of a rainforest.** Have a look online for ideas and use an old shoebox, cereal packet or packaging cardboard. Use your imagination and whatever you have at home to create the setting. You could even add some hidden rainforest animals - we look forward to seeing your creations on the first day back. There will be plenty of positive points for children who choose to take part!

**What Year 3 will be learning about in the next six weeks:** in geography, Year 3 will discover the biodiversity of the amazing Amazon rainforest. The children will learn where the Amazon is located, study the water cycle and find out about the environmental impact of growing palm oil on the rainforests, wildlife, communities and the global climate. In science, they will investigate forces and magnets and apply their knowledge to a project to create an animal enclosure.

**Dressing up for World Book Day: Thursday 3rd March!**

On Thursday 3rd March we will celebrate World Book Day. Please look out for a letter from Miss Howell - we have an exciting day planned.

**Now that we are able to run school trips, Year 3 teachers are in the process of planning a trip to Banham Zoo next half term and one to West Runton to study fossils in the summer term. Keep a look out for letters via parent mail.**

**Homework**

Weekly homework will be posted on Google classroom: times table Rock Stars and Ed Shed for spellings

**Reading at home**

We expect children to read 3-4 times a week at home. Use AR to quiz from home.

**Diary dates**

**PE - Tuesday and Wednesday**

**Google classroom has a collection of work for any children who are isolating**
