

Half term holiday creative challenge for families: create a collage of the food packaging from your cupboards. You could turn your packaging into a person, a fruit or vegetable or an animal, or make an abstract collage. Please bring your finished creations to school on February 21st, so that they can be added to our display. There will be house points for all creations. Have a look online for ideas and use whatever you can find at home. You could even stick on some googly eyes - we look forward to seeing how creative you can be on the first day back.

What Year 4 will be learning about in the next six weeks: discovery lessons this half term, field to fork, will be geography-focused. Children will learn about the journeys that foods take before they reach our plates. They will study food miles, fair trade and farming in different parts of the world and discover how the products we eat impact on the environment and landscape. In science lessons, they will find out about teeth and digestion.

Dressing up for World Book Day: Thursday 3rd March!

On Thursday 3rd March we will celebrate World Book Day. Please look out for a letter from Miss Howell - we have an exciting day planned.

Homework

Weekly homework will be posted on Google classroom: times table Rock Stars and Ed Shed spellings

Reading at home

We expect children to read 3-4 times a week at home. Use AR to quiz from home.

Diary dates

**PE - Tuesday
(swimming) and
Thursday**

Google classroom has a collection of work for any children who are isolating
