

Half term holiday creative challenge: create a fact sheet about your favourite animal. You could create a fact sheet on your computer using a paint or publishing program, using pens and paper or even collage. If you create your fact sheet on a computer, save it as a PDF and send it to your teacher or bring your paper fact sheets in on the first day back. We look forward to seeing your works of art and adding them to our display - let's see how creative you can be!

What Year 6 will be learning about in the next six weeks: In history, children will learn all about Charles Darwin and Alfred Wallace and their theories of evolution. This work will build on our current science learning and deepen pupil knowledge of the history of science. In science, the children will investigate living things in their habitats and make links back to last term's geography on shared spaces.

Dressing up for World Book Day: Thursday 3rd March!

Our 2022 £1 books

On Thursday 3rd March we will celebrate World Book Day. Please look out for a letter from Miss Howell - we have an exciting day planned.

Homework

Weekly homework will be posted on Google classroom: times table Rock Stars and Ed Shed spellings

Reading at home

We expect children to read 3-4 times a week at home. Use AR to quiz from home

Diary dates

PE - Wednesday

Google class- room has a collection of work for any children who are isolating
