

Eco-Schools Action Plan 2021-2022

Eco-Schools Topic 1 Energy	Action(s): 1) Eco-Councillors will have responsibility for reminding adults to turn off lights/IWB when not in use. 2) Eco-Councillors will write 'top tips' for the newsletter on how to conserve energy.	How long will it take? To start in Summer term and continue into the new academic year.	How will we monitor progress? We will conduct a visit to 3 empty classrooms to survey energy use.
Aim: Reduce energy waste within school and make pupils and staff more aware about how to conserve energy.		Who is responsible? Eco Councillors	Evaluation:
Eco-Schools Topic 2 Biodiversity	Action(s): 1) Look into creating/building bird houses, bat boxes or hedgehog homes. 2) Look into using animal feeders to provide food for birds and other animals to eat.	How long will it take? 1 year	How will we monitor progress? We will compare the school environment in a year's time to now to see what has changed.
Aim: Create more wildlife friendly areas within our school.		Who is responsible? Eco Councillors, Mrs Martin, other staff	Evaluation:
Eco-Schools Topic 3 Litter	Action(s): 1) Register for the Great Big School Clean in March 2023. 2) Anti-litter posters to be displayed in the playground/corridors. 3) Ask about another bin on the school field.	How long will it take? 1 year	How will we monitor progress? Reduced litter being picked up, visually less litter in the school environment.
Aim: Reduce litter in our school community.		Who is responsible? Eco Councillors, Mrs Martin	Evaluation:
