### Year 10 PPEs

Year 10 have been working hard throughout the academic year to build up their knowledge of their core and options subjects. They are clearly a year group full of potential and next week provides them with the first opportunity to show what they can do.

As we spoke about in assembly, and at the last Journey to Excellence Evening, PPEs (mock exams) are a critical part of students' learning journeys, allowing them the chance to see the impact of their attitudes and efforts so far. They provide an opportunity to reflect on what they have understood and been able to recall, and what they need to address through their personal learning before beginning Year 11. They also allow students to experience the structure of the examination season, attending school from 8am, engaging in boosters, before sitting their tests in official exam conditions. We ask Year 10 to approach their exams with one simple purpose... **show us your best and we'll show you how to do it better!**

We appreciate the support of the whole school during PPEs to ensure that all Year 10s have the calm and focused environment in which to thrive, and wish them the very best of luck!
