Re: School Closure – Tuesday 7th January 2025

Dear Parents and Carers

We hope that you enjoyed the festive period and that the New Year has started well for you and your family.

Unfortunately, we have had to take the difficult decision to close Alderman Peel High School on Tuesday 7th January 2025 due to an ongoing fault with the central heating system.

Despite the best efforts of our site team and contracted heating engineers during the school break to re-pressurise the heating system, the vast majority of the school building is still without consistent heating and therefore is too cold for students to attend.

We have engineers back on site today and tomorrow in order to undertake further repair work. We will confirm arrangements for Wednesday 8th January 2025 onwards as soon as we are able to.

This afternoon, teaching staff will be organizing remote learning for all students to undertake for their timetabled lessons. This will be published on [ClassCharts](#) and a further letter will be sent this afternoon outlining these arrangements. We aim to make this purposeful and meaningful, while also recognising the challenges associated with broadband quality and access to suitable devices.

We apologise for the disruption that this will cause at short notice, however, the health and well-being of our students and staff will always be our first priority.

Yours sincerely

Mr M Hardman
Principal
