**MESSAGE FROM..... MR READ, ASSISTANT PRINCIPAL**

This week we started the Options process for Year 9. This is a hugely exciting time for our Y9 students, as they get to choose the subjects they want to study as they move into Year 10 and 11.

It was amazing to see such a turn out at the Options Evening last week and the abundance of support our students have from families. Subject teachers from across the curriculum provided showcases of the different courses on offer, and students and parents/carers had the opportunity to find out the information they need.

Over the next few weeks, students will have taster lessons in lots of subjects not offered at KS3 to get them thinking about their futures, and help them make the right decisions.

As always, it's amazing to see the enthusiasm and excitement in our students as they make these significant decisions.

We would like to remind Y9 students that the deadline for submissions is **Monday, 24 February**, and that all staff are happy to help you with anything you may need when making the best choices.
