

This week we have:

- In Maths, Year 1 have been learning to find more/less than a given number and to compare quantities. Year 2 have been learning how to use numberlines to 100, counting in multiples of 10.
- Year 2—English— We have continued to read our first focus book which is 'Leaf'. We have been identifying and using verbs (doing words) and have explored the subject of a sentence (the person, place, thing, or idea that is doing the action or is described by the verb.)
- We have continued our discovery around the question "Is the world changing?" and this week we have specifically looked at naming and locating the 5 oceans. I wonder if your child could name you a continent?
- DT, we have been developing our ideas to create a healthy treat by thinking about what would make a good fruit and vegetable kebab. We have not only thought about taste but also making sure it looks good too.
- In PE we have continuing to develop our ball skills. The children have been thinking about how they control the ball using their hands, ensuring that their catches and passes are accurate.

Things to do at home:

Please ensure you are hearing your child read at least 3 times a week. This is essential to help embed their phonic knowledge, build confidence and develop fluency. Reading book need to be in school bags on a Thursday, even if you do not wish for your child to change their book, Library day is different for all classes in KS1. Beetles—Monday, Dragonflies— Friday and Ladybirds—Monday

Year 1 and 2 Newsletter

Week beginning:
22nd September 2025
