

This week we have:

- In Maths, Year 1 have been exploring using a number line. Year 2 have been learning to count money, including notes and coins. We have also enjoyed celebrating Number Day!
- English— The children have been learning about the features of a non-chronological report. A non-chronological report is a non-fiction text that gives facts about a topic without following a time order.
- In Science we have been investigating how solid objects made from some materials can be changed by squashing, bending, twisting and stretching
- In History, the children have been learning about the who the suffragists were and what they did.

Things to do at home:

Year 1— Here are 2 fun games for the children to practise their phonics and maths skills.

<https://www.phonicsplay.co.uk/resources/phase/5/dragons-den>

<https://www.topmarks.co.uk/maths-games/hit-the-button>

Year 2— On a trip to the shop, could your child help count the coins to ensure you have enough money to pay? Can they add up the amount of change you get?

Hi-vis Jackets—these should be worn by children, to and from school, everyday. They are part of our winter school uniform. Please speak to a member of staff if your child cannot find theirs.
