

ACLE ACADEMY EXAMINATION REGULATIONS 2025-2026

- You must now follow the regulations of the examination. Do not open your question paper or write anything until you are told to do so. Candidates committing any form of malpractice will be reported to the Exam Board and could be disqualified from this exam and any future exams.
- Only material listed on the question paper is allowed in the exam room. You must not have on or near you any other material. You may **NOT** borrow equipment from any candidate. You must provide for your own requirements. It is recommended that you have a school examination kit. Calculators must be silent. No calculator lids or instruction leaflets are allowed in the exam room. Candidates must clear anything stored in their calculator. Check that you have all the materials you need for the exam.
- Check your pockets now. Check for things such as notes, books, papers, AirPods, earphones or earbuds, iPods, mobile phones, smart devices and watches. If you have any of these unauthorised items in your possession, you must hand them in to an invigilator now. Failure to do so may lead to disqualification.
- **Wristwatches**, bags, bracelets and bangles are not allowed in the exam room. Pencil cases must be clear plastic. Water bottles must also be clear plastic with all labels completely removed. If you have a watch, hand it to an invigilator now.
- (For examinations with books that are allowed, add: check that no notes or papers have accidentally been left inside any book you are allowed to have in the examination room. Check you have the correct edition of the allowed set text(s).)
- (For examinations where a calculator is allowed, add: make sure that the lid, case or cover of your calculator does not have printed formulae or instructions and that you have cleared anything stored in the memory.)
- Check the day, date, time, subject, unit or component and tier on the front of your question paper now. Put up your hand if you think you have been given the wrong question paper.
- Fill in all the details needed on the front of your answer book (or question paper) in black ink. Make sure you fill these details in on any additional answer sheets that you use. Do not write anything else and do not open the question paper until you are instructed that the exam has begun. (PAUSE TO ALLOW CANDIDATES TO FILL IN DETAILS)
- Read the instructions on the front of the question paper. (You may read these out to the candidates, if required.)
- Remember, you must write clearly and in black ink. You may use pencil for drawings and rough notes. You must write in the designated sections of the answer booklet. You must not use correcting pens, fluid or tape, erasable pens or blotting paper. You must not use highlighters or gel pens in your answers.
- You must write all rough work in your answer book and neatly cross it through with a single line. (For multiple choice papers, add: you must do any rough work in the question booklet.)
- You must not communicate in any way with, ask for help from or give help to another candidate while you are in this exam room. You should put up your hand to attract the invigilator's attention.
- If the fire alarm sounds, remain seated and wait for instructions from the invigilator.
- Check that you have the expected access arrangement(s). If there is a problem, put up your hand to attract the invigilator's attention.
