

## This week we have:

- In Maths year 1 have focused on position and direction, being able to describe a turn, what forwards and backwards is and above and below. In Year 2 they have practiced skills that were taught earlier in the year to retrieve the skills needed for addition, subtraction and weight.
- In English we have finished our focus book 'Tidy'. We have looked at diaries and why it is important to keep forests clean. We discussed the main character and how he made a mistake about tidying the whole forest, forgetting about his other animal friends.
- In PE we have been lucky enough for North Walsham Rugby Club to come and join us who did a tag rugby session for all classes.
- In Science we looked at how our skin helps us touch and we compared different textures that we could feel. I wonder if your child(ren) could remember what they touched?
- In Art we looked at different brush strokes and how to hold a paint brush. We also looked at the colour chart and what primary and secondary colours are before trying to mix primary colours ourselves to make secondary colours.

## Things to do at home:

Keep reading your school reading book and practicing words and sounds in spelling/phonics folders.

Reading books—Change on a Thursday.

Phonics/Spellings Folders—Change on a Wednesday.

**PLEASE ENSURE THEY ARE IN SCHOOL ON THESE DAYS!**
