

Summer 2: Home Learning Takeaway Menu - Dolphins

Local Memories, Broadening Horizons

	Writing	Mapping and Fieldwork	Art/DT	Science
	Write a report on an animals of your choice.	Compare how space is used differently in your area compared to a major city.	Use recycled materials (cardboard boxes, bottle caps) or craft supplies to build a 3D model of a local town or area.	Draw or create a collage of a balanced meal. Identify the different food groups (carbohydrates, proteins, fats) and explain why the meal is healthy.
	Write a letter to your local MP with an idea for how to improve the area you live in.	Draw a colorful map of your own house, garden, or street, and create a custom map key to represent different features.	Gather old magazines and cut out pictures to create a poster comparing different types of land use (residential, commercial, agricultural, industrial).	Design a brand-new animal and its offspring, specifying whether it is a mammal, bird, or reptile. Create a fact file about its habitat and life cycle
	Write a settings description of a local area.	Walk around your local area and create a tally of building types (e.g. houses, shops, restaurants, farms)	Pick a favorite book or historical event and design a treasure map based on the story, practicing the use of grid references and compass directions.	Explore how humans and nocturnal animals use senses differently. Place mystery items in bags and identify them using only touch, practicing descriptive vocabulary.

Choose 1 thing from the takeaway menu each week and bring it on or share it on Class Dojo on a Wednesday. These are just suggestions, so feel free to follow your own interests, just remember to share what you have done with us. Please remember to read at home every day and learn your spellings.
