Year 1 and 2 Newsletter

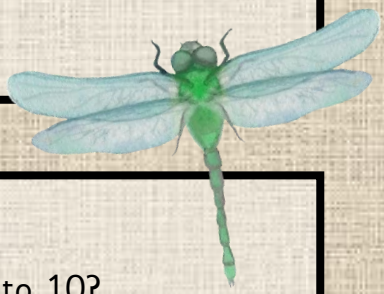

6th November 2026

Dates to remember:

Parents evening next week (ladybirds and beetles)

This week:

- In English we are focussing on a book called 'Katie in London'. The children have enjoyed learning about different landmarks and talked about places they have been or seen. Year 1 have been writing a sentence about a fact they have learnt. In Year 2 they have practiced how to use a comma in a sentence such as "London bridge is tall, old and made of brick".
- In Maths, Year 1 have been using subtraction to find missing numbers in part whole models. Year 2 have learnt to add three numbers together using counters.
- Our geography learning has now ventured outside of the UK – to India! We have been comparing their human and physical features to those that are found in the UK, and discussing what is different and what is the same.

Things you can do at home:

Y1 – can they quickly recall number bonds to 10?
(e.g. 1+9, 2+8, 3+7, 4+6, 5+5….)

Y2 – counting in 2s, 3s, 5s and 10s.

Don't forget to read **<u>at least</u>** three times a week.
This is so important for developing fluency and embedding their skills from our phonics lessons!
